

Less is More Building the Low Carbon Future

Join the Los Angeles Headquarters Association for LESS IS MORE, a special event discussing the rapid rise of the low carbon economy. As a signatory of the C40 Cities agreement, the City of Los Angeles is committed to halving its carbon emissions by 2030. Running parallel to this effort, tenants are demanding spaces that reflect their values and minimize harm to the environment.

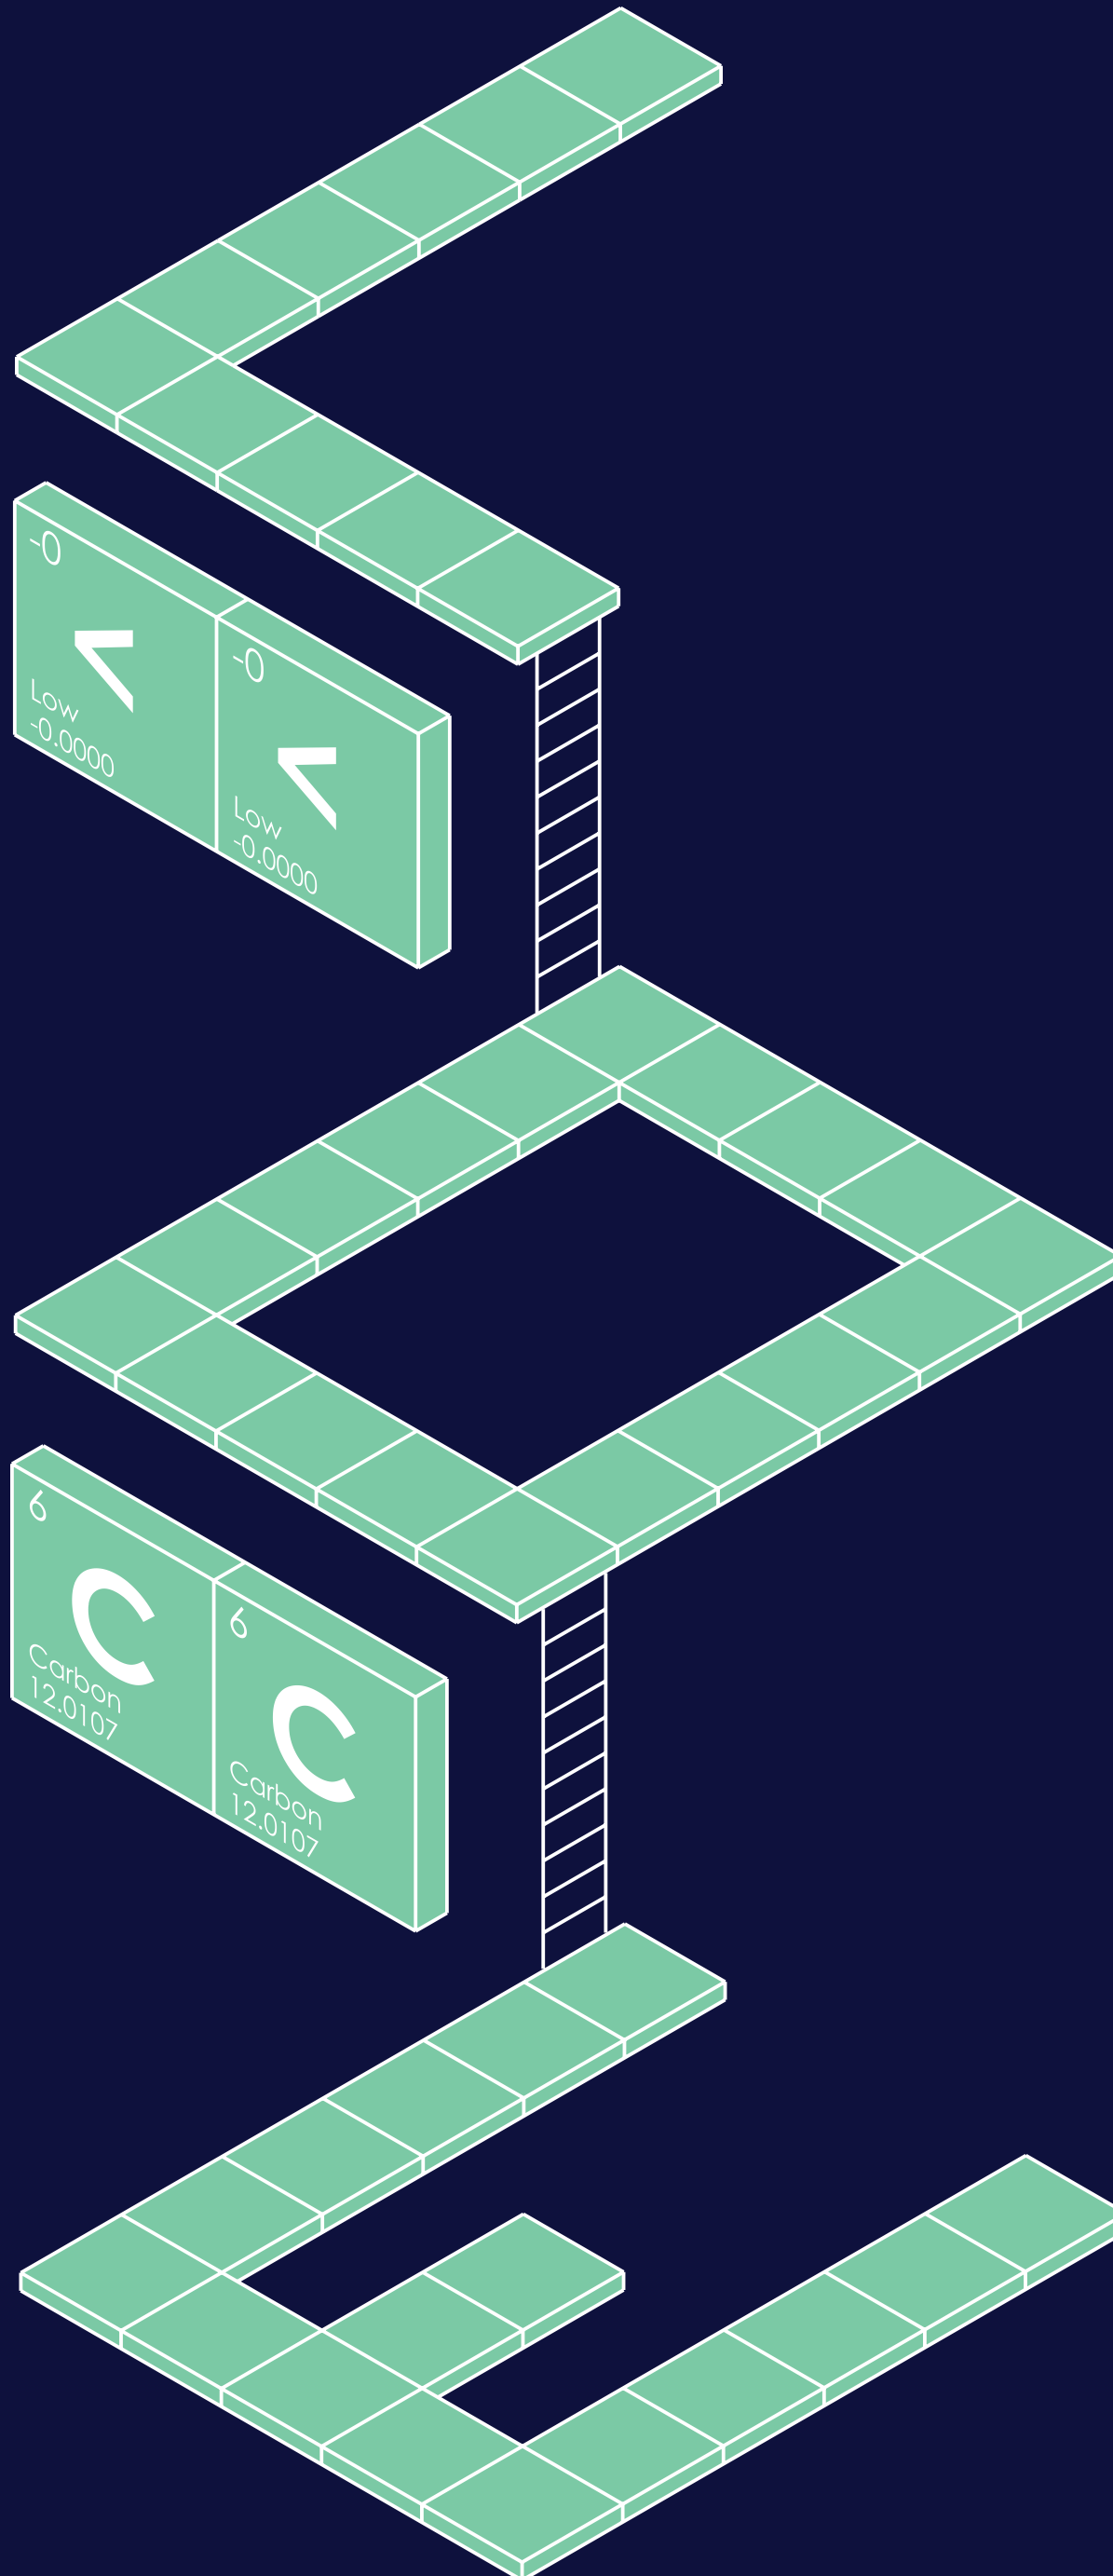

We've gathered some of our industry's leaders making these changes happen. They'll share best practices for measuring, reducing, and sequestering carbon in new building construction. It will be an exciting discussion and we hope you'll join us!

Date, Venue & Pricing
Thursday, June 9, 2022
5:00 - 7:30PM

The California Club
538 S Flower St
Los Angeles, CA 90071

\$70 -- Members
\$95 -- Non-members
+\$10 -- On-site Registration
