

Public + Private Partnerships Models for Success

SAVE THE DATE

Join the Los Angeles Headquarters Association for our Public-Private Partnerships panel, a special event that will focus on paths to success. More than ever, public entities are looking to the private real estate industry to help fund major civic projects. The 3P model has shown success in the past - but how? And what needs to change for it to be even better?

We're gathering key members of the commercial real estate industry who will share stories on their paths to success as well as tips and tricks for those just beginning the journey. It will be an informative discussion and we hope you'll join us!
